AFFILIATION AGREEMENT

This AFFILIATION AGREEMENT (“Agreement”) is entered into this First day of July 2026, between the College Station Independent School District, a Texas public independent school district and political subdivision of the State of Texas, (“District”), and the College Station ISD Education Foundation (“Foundation”), a Texas non-profit corporation exempt from taxation pursuant to § 501(c)(3) of the Internal Revenue Code, under the following terms and conditions:

ARTICLE I PURPOSE OF AGREEMENT

The purpose of this agreement is to facilitate cooperation between the District and Foundation regarding the mutual goals and benefits of the two parties, to memorialize the arrangement between the parties, and to maximize efficiency to benefit the citizens and taxpayers of the District. The District and Foundation acknowledge and agree that the use of the District’s public facilities by the Foundation serves the District’s public purpose and that the Foundation was created to support the District’s financial and educational mission.

The Board of Trustees of the District has identified the following educational public purposes for the District’s support of the Foundation:

1. The District must seek alternative sources of revenue in order to continue and/or enhance its quality education programs.
2. The Foundation’s activities in soliciting from the community and expending donations to benefit the District are closely related to and support the educational mission and functions of the District.
3. Maximization of alternative revenue sources requires strong community support.
4. Community involvement in raising money for educational programs and community support through the Foundation’s activities achieves a concurrent psychological and philosophical investment in the District.
5. Strong community support to assist the District in maximizing alternative revenue sources requires reciprocal commitment and support from the District.
6. The District has realized gains from its investment in the Foundation in excess of the support it has provided.
7. The Foundation has provided and will continue to provide funds to the District for educational projects, and other needs and programs of the District and the continuation of financial gains of the District requires a continued commitment from the District.
8. The community’s legitimate expectation is that District supports the Foundation through the Foundation’s limited use of District facilities, equipment, and personnel.

9. The community realizes the convenience in having the District allow use of its facilities by the Foundation.
10. Solicitations of additional revenue by Foundation personnel, if any, and the governing board of the Foundation relieve the fund-raising burden of the District's Superintendent, administrators, faculty and staff, leaving them free to focus on the District's educational mission.

ARTICLE II TERMS OF AGREEMENT

Unless terminated earlier as set for herein, this Agreement shall continue July 1, 2026 until June 30, 2029. ("Term"). Upon mutual written consent of the parties, the Agreement may be extended subsequent three-year terms.

ARTICLE III OBLIGATIONS OF THE DISTRICT AND FOUNDATION

The District and Foundation shall, to the greatest extent possible, maximize the taxpayers' resources by sharing available resources when mutually acceptable. The intent of this Agreement is that office facilities of the District will be provided to the Foundation to house the Foundation's Director and related administrative activities, providing these resources to the Foundation in consideration for the benefit received by the District from the Foundation. This arrangement shall be construed as broadly as possible to provide the widest possible range of cooperation and mutual benefit. By means of example and not by limitation, the following list shall identify programs and use of facilities to be covered by this Agreement:

District shall provide use of the following to the Foundation, with prior approval of the Superintendent or designee:

1. Office space in the Central Office for the Director and staff, including office furniture, computer, (with appropriate internet access) and telephone usage for local calls (and long-distance calls as approved by the District);
2. Conference rooms and training rooms for activities and meetings of the Foundation;
3. Use of the copiers in the Central Office for minor printing needs;
4. Personnel as set forth herein; and
5. Such other facilities and resources as approved by the Superintendent or designee.

Foundation Responsibilities:

1. Consistent with its organizational documents, the Foundation shall raise, invest, and endow funds exclusively for Foundation expenses and District purposes in accordance with the laws of the state of Texas and any applicable federal laws. The Foundation shall collect and authorize such funds to be used for educational and cultural projects in alignment with the District's goals and plans, institutional priorities, and projects and resource requirements as requested by or approved by the Superintendent and the District's Board of Trustees.
2. The Foundation further agrees to serve as a vehicle to provide grants to District teachers (and to the District as deemed appropriate) for innovative activities that the local operating budget cannot provide and to serve as a conduit for student scholarship awards. These in-kind contributions are to provide consideration for the use of facilities of the District.

3. The Foundation shall care for the facilities provided by the District and assume responsibility for cost of repair related to vandalism or misuse during term of use. The Foundation shall not do any act that would create liability for the District or impose any liens on District property.
4. The Foundation shall coordinate in conjunction with District representative all scheduled usage of District-owned joint use in facilities in order to avoid conflict with primary use by District for school related activities.
5. Except for the limited support provided by the District through use of District personnel, facilities, and equipment, the Foundation will assume responsibility for the cost of its variable expenses, including the cost of fundraising campaigns and projects. The Foundation shall be solely responsible for the satisfaction of its own obligations and debt.
6. The Foundation shall have an accounting system in place to ensure financial activities are carried out and reported in accordance with generally accepted business and accounting practices.
7. The Foundation shall conduct an internal review of its financial activities as set forth in the Foundation's By-Laws, Article VIII, Section 8.02. Furthermore, the Foundation's governing board shall cause an external audit of the Foundation financial records to be conducted in alternating years as set forth in the Foundation's By-Laws, Article VIII, Section 8.02 . The Foundation shall provide the District a copy of all audits it conducts or causes to be conducted. The books, records, documents, and procedures and practices of the Foundation relevant to or affecting this Agreement shall be subject to inspection by the Superintendent or his/her designee.
8. The Foundation will maintain liability insurance on the members of its governing board in an amount for similar boards of directors in the area in which the Foundation is located but no less than the amount required under Texas Civil Practices and Remedies Code § 84.007(g).

ARTICLE IV CONTROLS, SUPERVISION & COORDINATION

The District and the Foundation agree on the following controls to ensure that a proper public educational purpose is served by this arrangement including those set forth in Article III and IV of this Agreement. The amount and extent of any contribution made by the District to the Foundation shall be within the sole discretion of the District's Board of Trustees, which shall be monitored by the District and recorded in the District accounting records as support to the Foundation.

The Superintendent shall assign a District administrator to serve as a liaison to the Foundation and function as the Director of the Foundation when performing services related to the District's support of the Foundation but shall be an employee of the District in accordance with the terms and conditions of this Agreement. The Director shall be responsible for serving as liaison between the District and the Foundation, for responding to the Foundation's proposed fundraising activities or strategies; to the extent permitted by law, considering the Foundation's requests for District data or other information collected by the District in the course of conducting its educational and service responsibilities; and approving the use of the District's name in fundraising activities. The Foundation's governing board shall provide input to the Superintendent in the appointment and evaluation of the Director.

For the purposes of permitting the Foundation to engage in activities that directly support and contribute to the District, its activities, students and employees, the District agrees to assign other District employees as reasonably necessary to support the Foundation's operations and activities performed on behalf of the District. Services provided by District employees may include management and professional direction,

clerical support, internal financial record keeping, public relations and media relations, and event coordination. District employees assigned to assist the Foundation, including the Director, shall be District employees for all purposes. With respect to all District employees assigned to assist the Foundation, the District shall follow its personnel policies and procedures. The District shall be responsible for the hiring, supervision, direction, and evaluation of District employees assigned to assist the Foundation. The District Board of Trustees reserves the right to refuse to appropriate funds for support of the Foundation in any budget year.

The earnings or assets of the Foundation shall not be distributed to the benefit of its directors, officer, or other private persons; however, the Foundation may authorize reasonable compensation or reimbursement for services rendered and/or payments/distributions toward the overall purpose of the Foundation and payment of expenses for any member of the Foundation's governing board for activities related to service to or on behalf of the Foundation.

The Superintendent (or designee) and the Director (or President of the Foundation's governing board) will coordinate, as needed, to insure effective implementation of this Agreement. All regular custodial services and routine maintenance of the District facilities shall be at no cost to the Foundation. The Foundation agrees that it will not engage in any destructive or altering activity in the District's facilities or on District property. In the event of an event requiring security, such security personnel shall be provided by the event sponsor.

ARTICLE V MUTUAL RELEASE

The District and Foundation, only to the extent permitted by Texas law, agree to release each other from liability for all claims for compensation for any loss, damage, personal injury, or death occurring as a consequence of the performance of this Agreement.

ARTICLE VI NO WAIVER OF IMMUNITY

It is expressly understood and agreed that nothing contained in this Agreement shall be deemed to or operate to waive any immunity or defense that either party would be entitled to under law.

ARTICLE VII PROTECTION OF STUDENT CONFIDENTIALITY RIGHTS

The Foundation acknowledges that the District may provide information regarding students or personally identifiable information related to one or more students from time to time so that the Foundation may achieve its objectives for the benefit of the District and that such information regarding students is legally protected from disclosure under the Family Educational Rights and Privacy Act (20 U.S.C. § 2032g) ("FERPA"). As such, the Foundation agrees to take steps to ensure that such information is not disclosed or provided to any person without the consent and approval of the District's Administrative Liaison and only in accordance with FERPA.

ARTICLE VIII NON-DISCRIMINATION POLICY

The District and the Foundation each will take appropriate steps to ensure that it does not discriminate in any of its benefits, programs, or activities against any person because of race, ethnicity, religion, national origin, disability, gender, veteran's status, or age. The District and the Foundation are each responsible to have
