IN THEIR OWN WORDS

EXCERPTS FROM ESSAYS FROM CSISD EDUCATION FOUNDATION BIRTHDAY SCHOLARSHIP RECIPIENTS

“CSISD provided a home even when I did not have one. The AMCHS staff and students continued to support me, giving me love and care as much as they could. They pushed me to stay on my track of academic success during a time where it would be so easy to go off the rails.” ~ **Mason Wright, AMCHS**

“The passion for learning I gained in CSISD from all of my amazing teachers has carried forward into my high school career and serves as the cornerstone of my academic life. My experiences as a College Station ISD student made me strong, confident, hungry for knowledge, and prepared for the challenges that lie ahead of me.” ~ **Leah McAleer, AMCHS**

“The experience of being in the Dual Language Program has affected me more than anything else has... besides teaching me a second language, the DLP made me an accepting, hardworking, and multifaceted person. I am most excited about using my bilingualism in the future once I become Emergency Medical Technician (EMT) certified. I will be able to communicate with not only English speakers but also Spanish speakers in emergency situations when communication is vital.” ~ **Andella Kovar CVHS**

“Courage behaves as an entity, dormant until awakened from her slumber. As a reserved first grader, ignorance forced me to muster the courage to do something that was uncharacteristic and risky which resulted in creating change. The experience taught me that I am willing to take a risk when I believe something deeply. It taught me that the process of learning can reveal itself in the most unexpected ways.” ~ **Parker Kilpatrick, CSHS**
